Smarter link sharing with go.rutgers.edu

Did you know Rutgers has its own URL shortener? [Go.rutgers.edu](https://go.rutgers.edu) lets you create short, easy-to-share links for emails, flyers, social media, and more. The platform recently got a refresh, with a mobile-friendly design and new features that make it even more convenient to use on the go.

Stay connected with Rutgers tech while you travel

Traveling this summer and need access to your work files and tools? Rutgers tech makes it easy to stay connected and productive. Explore this [Rutgers IT newsroom story](#) and learn how to access Microsoft apps, connect securely to free Wi-Fi at universities worldwide, and more.

Taking Grammarly to work with you

Faculty and staff have access to [Grammarly](#) to support everyday writing tasks like emails, reports, and other professional communications. In addition to checking grammar and clarity, Grammarly includes AI features to help rephrase text, draft content, and even translate your work into other languages.
