

Rutgers Tech Matters

October 2025

#StaySafeOnline this October

October is Cybersecurity Awareness Month, and we're here to help you #StaySafeOnline. Explore resources to help you recognize threats, protect your data, and keep Rutgers secure. Visit the [Cybersecurity Awareness Month webpage](#) to get started.

Cybersecurity made simple

Cybersecurity doesn't have to be complicated. Check out our security infographics. Topics include [cybersecurity basics](#), [spear phishing](#), [text scams](#), [personal data hygiene](#), and more. They make cybersecurity easy to understand—and easy to share.

Don't fall for phishing scams

Think you can spot a scam? The [Rutgers IT Phish Bowl](#) features real phishing examples reported at Rutgers, along with tips for identifying and reporting suspicious messages. Stay alert and don't take the bait!

Spotlight on security

Stay informed with the latest tips and news about cybersecurity. Explore [security articles at the Rutgers IT Newsroom](#).

Visit it.rutgers.edu for information and resources about technology services and support at Rutgers. Questions or comments about this e-newsletter? Email itcomm@rutgers.edu.
