

Tech resources for Rutgers faculty and staff—February 2026

## Simpler parking: Find the right lot for you

Locating the right parking lot just got easier! The myRutgers Maps feature now includes parking guidance. You can quickly view parking lots authorized by your permit and receive real-time directions to the lot you select. [Download the latest version of the myRutgers app](#), use [the myRutgers web version](#), or [watch this video to learn more](#).

## Don't let your cybersecurity guard down

Cyber-scammers aim to charm you, fool you, and wait for moments when your defenses slip. Learn how they target institutions like Rutgers and [how you can spot red flags at the Rutgers IT newsroom](#).

## Digital accessibility: What you need to know now

The [University Academic Affairs digital accessibility hub](#) features guidance on accessible courses, websites, and IT purchasing. It also highlights updated ADA Title II requirements and the April 24, 2026 milestone for compliance with digital accessibility standards. [Visit the site](#) for practical guidance and ready-to-use resources.
