

Tech resources for Rutgers faculty and staff—September 2026

Get ready for Cybersecurity Awareness Month

Cybersecurity Awareness Month is around the corner. Browse [these cybersecurity articles](#) for tips, tools, and more. And don't forget to [register for the Big Ten Academic Alliance's cyber awareness competition](#), a fast, friendly cybersecurity gameshow meant to test your online safety skills. You can also register for [panel discussions and other cybersecurity events](#) that the BTAA is hosting this month.

Coming soon: eduroam, Rutgers' new Wi-Fi

This Fall, Rutgers will change its Wi-Fi from RUWireless Secure to eduroam. For more information about this transition, [please review the announcement on the Rutgers IT website](#).

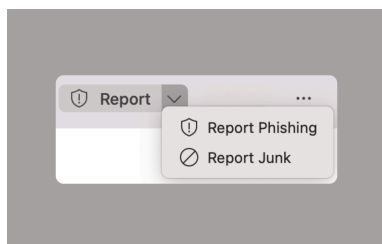

Same tool, new name: NotebookLM is now Gemini Notebook

NotebookLM is now called [Gemini Notebook](#). Explore this [Rutgers IT newsroom article](#) to re-acquaint yourself with the AI tool and its features. Remember to visit the [AI at Rutgers webpage](#) for guidance before using AI tools.

Help us keep cybercriminals out of your inbox.

See a suspicious email? Click Outlook's "Report" button, the shield-shaped icon near the "Delete" and "Archive" buttons to report phishing attempts. Reporting the message helps flag the phishing attempt for review and may improve message filtering, making similar emails less likely to reach your inbox.

Think you've accidentally interacted with a phishing email? Contact abuse@rutgers.edu or call the OIT Help Desk at 833-OIT-HELP.
